

## Rick McCosker speaks about *DreamCricket*<sup>TM</sup>

I was fortunate last year to be invited to a day of Dream Cricket at Maitland, organised by the people of Rotary.

For me, it was inspiring to witness the young boys and girls applying themselves to their games to the absolute best of their varying degrees of ability. How well they played was immaterial, it was the obvious fun they had in participating that was so inspiring to watch.

*DreamCricket*<sup>TM</sup> is the game played at its absolute grass roots and is so important to those participating and for the future of the game itself.

My hope is that this is an on-going opportunity for young people to continue to be involved in this great game.
